

BROOKHAVEN DAIRY FARM

89 BROOKSTEAD ROAD, NGAPARA, WAITAKI

BY NEGOTIATION

3  1  2 

A very well planned and set up dairy unit making significant production gains in each of its 3.5 seasons since conversion. Featuring a 40 A/S Herring bone shed with cup removers, 28ha under pivot and 12ha fixed grid plus k-line irrigation. Very suitable for a couple to farm with a relief milker. Potential to grow your business with the vendors owning the neighbouring farm and looking at options going forward.
